

May 2007 – Street Work Success Leads To More Staff Training

We have put more of our employees through Street Works Operatives/Supervisor training and assessment due to an increase in demand for our services in this area.

One reason for this increase in workload is because we are one of only two contractors approved by Devon County Council to act as intermediaries when processing Section 50 Street Works Licences.

The training is also a continuation of our commitment to rigorous staff training and qualification.
